

# Separate collection of glass waste in the lab

## Campus Charlottenburg

Grey labeled bin:

**Laboratory  
Glassware,  
uncontaminated**

Residual waste press

Green labeled bin:

**Uncontaminated /  
Cleaned Chemical  
bottles**

Glass container

- ✓ A designated person takes the filled bins to the silver container in the waste collection area of your building
- ✓ Gegenbauer collects the filled bins and leaves empty bins the following day

Exchange bins available in the chemical supply for materials (building C)

### **Contaminated Laboratory Glassware (hazardous waste):**

Please continue collecting hazardous waste in the lab's own bins and dispose them together with **contaminated glassware**. To avoid injury, please only collect hazardous waste in sturdy cardboard boxes or similar containers.
